

Customer Advisory: Non-Compatible Software and Devices

As a security improvement, Logan Bank and Trust will begin using only the TLS 1.2 security protocol for web based content. Customers that are using non-compatible Operating Systems and Browsers, such as Microsoft Windows XP, Vista and Internet Explorer 10, will not be able to access Logan Bank and Trust's Online Banking. Below is a chart of compatible and incompatible Operating Systems and Web Browsers.

Compatible with TLS 1.2	Not Compatible with TLS 1.2
Microsoft Windows 7 with Internet Explorer 11	Microsoft Windows XP, Vista and Below
Microsoft Windows 8.0, 8.1, 10	Internet Explorer 9 and 10 Compatibility Not Enabled by Default
Microsoft Windows Server 2008 R2 and Higher	Microsoft Windows Server 2008 and Below
Microsoft Edge	
Android KitKat and Higher	
iOS 8 and Higher	
Firefox 27 and Higher	
Google Chrome 38 and Higher	
Mobile Safari versions 5 and Higher
